

Dear Parents and Guardians,

Registration for our Summer 2026 and 2026–2027 school year is right around the corner! We are pleased to offer early enrollment to our currently enrolled families before opening registration to alumni and Jewish families on Monday, February 16, and to the wider community on March 2.

When you receive the enrollment forms, you may notice a small change. For summer enrollment, you will receive two forms: Orange form: Summer Session Enrollment Form. And a Purple form: Summer Monthly Enrollment

This year, our summer program will be offered in two formats. Families may enroll by month or by session (two-week sessions). We will no longer be offering weekly enrollment options.

You will also notice a small price increase beginning with our summer program (June 2026). This increase applies to our morning and afternoon care programs. Over the past years, there has been no price increase for these services, and this adjustment will help offset rising costs and support teacher salaries.

We are excited to welcome your children to our summer program and the upcoming school year. Please feel free to contact me if you have any questions.

Sincerely,

Manuela Sela
JCC Preschool Director
